## Everything "Snafu" For Two Marines Early Monday Morn

It was a case of the Marines landing in the middle of an uncontrollable situation here in Daly City, early Monday morning. William F. Logan and Anthony J. Sernus, marines stationed at Tanforan, were strolling down Hillcrest drive, engaged in a conversation with a woman acquaintance, when they were allegedly accosted by Edward J. Gehrig, 342 Irvington street and his companion, Don Knudson, of 362 Irvington street.

The ensuing argument led to a knock-down and drag-out brawl covering the territory from Hillcrest across Mission street, and ending in front of the city library.

When the score was added up, it was found that Sernus was suffering from a fractured skull and numerous other injuries about the head and shoulders; Logan also was fairly well battered about the head; Gehrig was bleeding from his head wounds, while Knudson stood about in a daze obviously wondering just what had happened.

The Daly City police took Gehrig and Knudson to the Junipero Serra hospital in a patrol car, while an ambulance driven by Dean Woods, was called into service to carry Sernus and Logan to the same hospital.

Gehrig and Knudson were later booked for battery and disturbing the peace, and released on their own recognizance to appear before Judge Sweeney on December 7. The Navy assumed charge of Sernus and Logan, later transporting Sernus to Treasure Island hospital for treatment of his more serious wounds.

Knudson turned over to local police the heavy marine belt which had been used to inflict some of the injuries in the melee.

Shortly after 1 p. m. on Monday, Officer Petrocchi picked up Antone Mendola, 23, of 726 Niantic also been involved in the affair. avenue, who admitted having His story was that he arrived upon the scene in his car, looked the situation over and decided to join in the fun.

Upon questioning by police he said that he had struck "one of the marines" on the head, the marine is believed to have been Sernus.

Mendola was jailed and later released on $100 bail, and is also scheduled to appear before Judge Sweeney on December 7.

### Jail Sentence For Used Car Violation

A year in the federal prison for selling a used car for $455.40 over ceiling price was the sentence meted out to Robert L. Quisenberry, 85 Fourth street, San Francisco, last week by Judge A. F. St. Sure, US District court.

W. H. Brunner, San Francisco district enforcement executive, OPA, declared it to be the heaviest penalty so far inflicted for a used car violation in the San Francisco district.

Quisenberry sold a 1939 Buick to Billy Horton, a sailor stationed at Yerba Buena, for $1300. The ceiling priie wan $844.60. Horton reported the sale to OPA offirials. The court action followed. This is one more step in OPA's vigorous campaign to protect service men and veterans from being victimized in the used car black market, stated Brunner.

### "The Record Rack" New Music Center

The Daly City Radio Company takes pleasure in announcing the opening, this week, of its newest subsidiary, "The Record Rack" located at 6266 Mission street.

Here the discriminating Christmas shopper will find the latest in records, record accessories, sheet music, phonographs and radios.

With light, well ventilated display rooms, and completely sound-proof listening booths available for public use, this new store is indeed a welcome addition to the Daly City shopping district, and should prove to be most helpful in the selection of musical Christmas gifts.

### Speeders Hailed Into Traffic Court

Excessive speed through Daly City made traffic court targets of the following offenders:

William Hollingworth, 70 miles per hour and passing left of center line, fined $30; speeding, James Cagle, $2.50. Nicolas Wilmer, $2.50, Julio Cardella, $5, Anna DeGryse, $5, John Sacco, $5, Aldo Mora, $5, Carlos Villabos, $5, V. L. Toft, $7.50, David Garcia, $7.50.

Failure to observe signals: Earl Mack, $2.50, Walter Reilly, $2.50, and Charles Harrison, $2.50.

Improper parking on hills, J. B. Rhodes, $1 and Ernest Martin, also fined $1.

### Howard Mattson Case Is Continued

Howard Mattson, who appeared before Judge Sweeney on Friday, November 30, to answer to a grand theft charge sworn to by his brother-in-law, Joseph Rotar, was released on his own recognizance on a motion of request by the district attorney.

Rotar is overseas, but is expected to return to the States within the next few weeks, so Mattson received a continuance in his case until January 4, 1946.

## Grace Presbyterian Has Special Events

In the presence of many of their parents and friends, the young people of Grace Presbyterian church, Evergreen and Hanover streets, presented an unusual program on Sunday, December 2.

Mrs. James Dowell and Mrs. Dan Severetti conducted a "Bible Quiz" of an educational and entertaining type. The poise and ability of the members of Grace Presbyterian Junior Department reflect the fine training which they have received from their teachers and sponsors.

During the service on December 9, the ladies quartette which includes Mrs. A. Grieg, Mrs. Lillian Weaver, Mrs. Viola Rouder, and Miss Barbara Wilmoth, will present a beautiful number entitled "Room for Jesus."

As the ninth is the Second Sunday of the Advent, the pastor's sermon will be developed on that theme. At the 7 p. m. service, Gertrude Harberts, of San Anselmo, will tell the story of the oratori "Messiah."

The appearance of the choir of San Anselmo, with their special production of the "Messiah," at Calvary Presbyterian church, in San Francisco, is also on the holiday "special events" schedule.

## PFC John E. Cail Attends Police School In France

Pfc. John E. Cail, 201 Citrus avenue, Daly City, who was a member of the 5th Ranger Battalion during hostilities in Europe, is now a member of the 142nd Military Police Escort Guard company stationed at Camp Washington near Laon, France; has been chosen one of ten California soldiers to attend the Oiso Military Police training school at Romilly, 65 miles south of Reims, France.

When the 8-day course in jujitsu, first aid, criminal investigation, traffic control, arrest technique, and allied subjects is completed, they will be assigned to posts left vacant by men sent home for discharge.

## "Auto Rock" Now At Frank's "76"

Frank's Union Super Service station, 6200 Mission street, is extending a cordial invitation to have your car lubricated practically under driving conditions with the newly installed, gentle swaying "Auto Rock" machine constructed to give superior service.

Drive in and talk this new method over with Frank . . . try it for a new sensation in driving.

### CHRISTMAS SHOPPING HINTS

With Christmas approaching on the gallop the problem of what to get who for a present must soon be wrestled with if it has not already entangled you in its perplexities.

Of course, it is one thing to finally decide what to get your wife or your husband, or the youngsters or Aunt Minnie, but it is something else again to obtain it. In fact, it takes a real rugged individualist in these days of short supplies and abundant customers to plunge into the swirling tide of Christmas shoppers and try to find it.

Wouldn't it be swell if you could do all your shopping at one time, in one place without being pushed or crowded, and where you could get gifts that would be real bargains, gifts that would be greatly apreciated and would have not only a lasting but an ever-increasing value?

Well, believe it or not, it can be done. What better gift can you give anyone than those attractive items Uncle Sam has for sale? They sell as low as $18.75 and there isn't a better buy anywhere at any price.

If you happen to be in doubt what to ask for they're known as Victory Bonds.

## R. J. Welsh Given Postrumous Award Of Bronze Star

The following communication from the War Department was recently received by Mr. and Mrs. Raymond J. Welsh, sr., of 553 Hanover street, Daly City:

From the office of the Adjutant General, Washington, D. C., 24 October 1945.

Mr. Raymond J. Welsh, Sr.,
553 Hanover Street,
Daly City, California.

Dear Mr. Welsh:

I have the honor to inform you that, by direction of the President, the Bronze Star Medal has been posthumously awarded to your son, Private First Class Raymond J. Welsh, jr., Infantry, the citation is as follows:

**Bronze Star Medal**

"For heroic service in connection with military operations against the enemy on Okinawa Island on 13 April 1945. As a scout in a rifle platoon, Private First Class Welsh exposed himself during a heavy concentration of mortar and artillery fire on Kakazu Ridge to observe enemy gun emplacements. He accomplished this during darkness, and further disregarding his own safety when he could not make himself heard above the din of battle, ran, warning his comrades of his approach, a distance of 50 yards to his platoon command post where he gave his platoon leader the important information. He then bravely began the return route to his foxhole but a large calibre enemy mortar shell landed close by killing him instantly. His heoric action and devotion to duty reflected a great credit to himself and the military service."

The decoration will be forwarded to the Commanding General, Ninth Service Command, Fort Douglas, Utah, who will communicate with you concerning your wishes about the presentation.

My deepest sympathy is extended to you in your bereavement.

Sincerely yours,
Edward F. Witsell,
Major General
Acting the Adjutant General.

Welsh, a graduate of Jefferson Union High school, class of '40 was in his younger days an active member of Boy Scout Troop 149, and also of a Sea Scout unit in San Francisco.

The presentation of the medal was made, in appropriate ceremonies, on the San Francisco Presidio Parade Ground, Thursday, December 6.

### "Be Cautious" Says U. S. Secret Service

The Treasury Department of the United States Secret Service has requested all law enforcement agencies to warn the public and merchants that it is in the rush of the holiday season when the check thief and the forger enjoy their easiest "pickings."

Acting Chief of Police Bolger, referring to the educational campaign conducted by the secret service, said:

"Now is the time for merchants to talk these matters over with their employees. Caution them to be more careful in accepting government or commercial checks, especially from strangers. Have them initial any check they accept, and jot down some notation on the back of the check as to what was used for identification. This fixes the responsibility and serves to remind one of the transaction."

### Redwood City Girl Is County "Queen"

Art Kloth, manager of the Daly City theatre and director of the recently closed Victory Loan Drive Queen contest, informed the Record today, that a candidate from Redwood City is to be named "Queen" of San Mateo county.

According to Kloth, a complete report has not yet been compiled, but current figures show that Miss Muriel Mooney, Daly City's principal contender for regal honors, gave the winner a close race, losing by a very small margin.

The other two local candidates, Misses Helen Green and Elsie Cerna also made excellent records for themselves in the contest which officially closed on December 1, at midnight.

## Teachers Institute At Sequoia Friday

Approximately 1000 San Mateo county teachers will meet at the Sequoia Union high school, Redwood City, on Friday, December 7, for the county-wide teachers' institute, it was announced earlier this week by County Supt. of Schools Pansy J. Abbott.

Among those participating in the various forums will be Howard Rota, of Jefferson Union high school, whose discussion of the film "Overcoming Limitations to Learning" will be featured during one of the morning sessions.

Dr. Elmer Steffelbach, of San Jose State college, will discuss "Implications of a GI Education" during the general session for all teachers at 11:30 a. m. in the school auditorium.

Dr. Steffelbach served as a colonel in the army during World War II, and has had wide instruction in research in this field as well as instruction while in the military service.

The secondary teachers will meet in the auditorium of the McKinley school at 9 a. m. to hear Supt. A. C. Argo of Sequoia open the program with a series of announcements.

### W. A. Wallace Is Discharged By Navy

William A. Wallace, S 1/c, of 683 Templeton avenue, Daly City, was honorably discharged from the U. S. Navy, November 28, at the Naval Personnel separation center in Camp Shoemaker, California.

## Further Details In McDonald Boy's Accidental Death

In last week's edition of the Record there appeared an item regarding the death, as the result of a boxing bout, of Teddy McDonald, 14, of Railroad avenue, Colma.

Since that article was published, further details have come to our attention.

In an interview granted to the Redwood City Tribune last week, Acting Chief of Police William P. Bolger made a statement based on facts in the case, not then available to the Record, as follows:

"Acting Chief Bolger, of Daly City, said that at 7:45 last night (Wednesday, November 28), Howard McDonald reprimanded his brother for slapping a younger sister.

"In the resulting scuffle, Teddy received a blow over the heart. He collopsed, gasping for breath.

The boy's father, Howard McDonald, sr., reading in an adjoining room, rushed in at the sound of the scuffling and saw the boy prostrate on the floor. He and the other son took Teddy to Junipero Serra Hospital, in Daly City where he was pronounced dead on arrival.

"Chief Bolger, in designating Teddy as a "problem child" said that he had been in trouble "time and time again," and was not in attendance in school. He proclaimed the elder brother a "fine boy.'

Funeral services for Teddy were conducted by the C. A. Anderson Funeral Home, Valencia street, from Holy Angels church. Burial was at Holy Cross cemetery, Colma.

The county coroners office informed the Record on Wednesday afternoon, December 5, that the inquest is still pending.

### Merchants Requested To Return Tokens

Instructions have been sent out by the Office of Price Administration to all retailers, wholesalers, and primary distributors of meats and fats to turn into their ration banks before December 12 the red ration tokens now in their possession. Only the tokens, not the ration stamps are to be turned in, OPA officials explained. Stamps may be disposed of by the merchant.

Ration tokens are government property, it is pointed out, and are to be collected to prevent their misuse. Their prompt surrender to the banks is being urged as OPA, the trade, and the banks wish to wind up all matters pertaining to the terminated rationing program as soon as possible.

## GENERAL HURLEY'S CHARGES

It is to be sincerely hoped that the bomb which Major General Patrick Hurley set off when he resigned as ambassador to China will serve to blast out of existence the system of sabotage which he charges is carried on against America's declared foreign policy by "professional career men" of the State Department who are not in agreement with that policy.

This is not the first time that such charges have been made. In fact, there has long been exidence of serious friction within the department.

Every member of the State Department, as an American citizen, is entitled to his own personal views on our foreign affairs. But so long as he is employed to carry out the policy laid down by our government he should adhere to it both in letter and in spirit. If he conscientiously feels that he cannot do this he should resign.

The appointment of General Marshall as a temporary successor to General Hurley may create a favorable psychological effect in our relations with China because of the great prestige which the former chief of staff enjoys. But he will not have any better success in carrying out his mission than did General Hurley if subordinate American officials are allowed to counteract his efforts.

The entire situation should be given a complete airing and appropriate corrective action should follow, letting the heads fall where they may. In these days when the welfare of America is so closely linked to the proper conduct of our foreign affairs we simply cannot tolerate continued confusion and conflict within the State Department.

## SURE CURE

The divorce rate in America is zooming upward like a pursuit plane out to establish a new altitude record.

Some authorities attribute the increase to the breakup of hasty war marriages. But only one marital expert could offer a sure cure for divorce. Said he, "Stop marriages."

## POINT SYSTEM

Where there is so much smoke there must be some fire. Charges are becoming more frequent that certain servicemen, because of their connections with influential officials, are being shipped home and released ahead of others having many more discharge points to their credit. With the exception of genuine emergency cases the Army and Navy discharge point system should be applied impartially to all servicemen. Nothing can be more disrupting to the morale of the men in uniform who have served long periods overseas than to find that favoritism is enabling others to get home while they wait for weeks on end for transportation back to the States. There is no reason to believe that this is being done on a large scale but if it is being done even in a few cases it is too much. Our fighting men are entitled to a square deal and they should get it.

## WILL GERMANY SURVIVE?

The report of former censorship director Byron Price who made a study of conditions in occupied Germany reveals that the four Allied powers performed a neat but impractical bit of surgery on that country when they cut it into four separate units. Trains do not run between the different zones of occupation and communications are virtually non-existent except between Allied military forces. But unless something is done to sew Germany back together again and to restore a little of her economic breath it is feared that famine conditions may develop this winterwhich could bring disorder to all central Europe. The French, in particular, are unwilling to allow the Germans any appreciable degree of economic recovery. In spite of her sordid record, however, Germany must be given a chance to live, for if chaos continues within Germany there is little hope for a healthy Europe in the future.

## ARMY SURPLUS SUPPLIES

If you're looking for extra sheets or men's shorts you might contact the Army. It seems that the Army has a "slight" surplus of such things. Senator Mead of New York reports these Army surplus items: 30 million sheets, 116 million pairs of shorts, 42 million pairs of wool drawers and 24 million pairs of shoes. Maybe the Army could spare you one or two of each without depleting its supply.

## "Notes Off the Cuff"

By Phil Smith

On Sunday night a friend and I took a long walk all over a certain section of San Francisco. She lives in a big house up on the Graystone Terrace slope of Twin Peaks, and has an utterly entrancing view of the entire bay area from her front porch. It was approaching dusk when we left the house and walked down to Haight street. The lights of the city had only just begun to wink and twinkle, and there was a slight haze out over the bridges and the ocean just beyond.

As we strolled we passed many homes, none of them especially pretentious but in many cases gayly decorated for the holiday season. There were a number of bright and glittering Christmas trees visible through curtained windows, adding to the growing air of holiday festivity throughout the city of the Golden Gate.

As we passed a little neighborhood church in one residential section, strains of Christmas carols could be heard . . . the first of the season. While for some families this will undoubtedly be the saddest Christmas in many years; for others it will be a season of rejoicing; and devout thanks for the Peace on Earth and Goodwill towards Men, in which they will share due to the safe return of their loved ones from scenes of battle strife the world over.

We, in this great nation, have much indeed to give thanks for; there is no possibility of famine and abject misery such as all Europe and most of the Orient is faced with this winter.

But the fact remains, that many of us do not sufficiently apreciate our blessings.

The alarming increase of juvenile delinquency is a case in point. Gangs of young hoodlums are running wild throughout the entire nation today, and Daly City has its share . . . yes, more than its share, of these young "social menaces."

Since I arrived here aproximately two months ago, I have followed with interest and a rising indignation, the situation within our city.

While it is entirely probable that a considerable portion of the blame should rest upon the parents and home environment of some of these young multiple-offenders; it is also completely possible for better and more efficient law enforcement to be demanded and obtained by a public well-informed and fully cognizant of conditions locally, at least.

With this in mind, there is soon to be published in the Record, a series of articles on all phases of juvenile delinquency. Based upon irrefutable statistical material, obtained through the generous co-operation of the Federal Bureau of Investigation, and other highly respected law enforcement agencies, we shall attempt to give our readers a comprehensive and official picture of current conditions with regard to the juvenile delinquent.

---

I heard a good yarn the other day. Seems that in a certain city, you name it, the boys on the police force night patrol were "loaned" the keys to a certain cafe. The idea being, I guess, that when they felt weak . . . strictly from hunger . . . they could open up the joint, pick out whatever tender morsels appealed to their fancy of the moment, and indulge in a midnight snack.

Is it any wonder that certain cafes sometimes had to close their doors, and post sad little signs reading "No points until the OPA comes across"?

---

They say that "all good things come to him who waits" . . . well, me . . . I've got the patience of Job.

---

Nothing makes a newspaperman's life easier than obtaining the whole-hearted co-operation and support of the police department officials in the course of routine news coverage. Next in order to the department itself, is the police commission of the average city council. When the reporter feels that he is being given the straight dope, straight from the shoulder, by these two agencies, he will go all out to respect their requests and protect their confidences.

But, on the other hand, nothing makes the average reporter more suspicious of possible motives than the knowledge that legitimate news is being withheld from him; or that the sources of that news are being kept literally "under lock and key."

After all, police and city councilmen are only human . . . and bound to pull boners or make mistakes once in a while. But, a clumsy attempt to cover up, usually only serves to exaggerate the original "sin" in the eyes of the press. The old saying that "murder will out" sometimes comes true, with painful suddenness, at the most unexpected and embarrassing moments.

To quote the title of a one-time best-seller, "It Can't Happen Here," but, Brother . . . you ain't heard nothing yet!

## NOTICE OF PROPOSED CHANGE OF ZONING DISTRICT

NOTICE IS HEREBY GIVEN that the County Planning Commission of the County of San Mateo, State of California, did, by a resolution of said commission, adopted on the 16th day of November, 1945, propose a certain amendment to the Land Use Plan Ordinance (Ordinance No. 400) of the County of San Mateo, and did declare it to be its intention to consider said proposed amendment in the manner provided by law, which proposed amendment is as follows:

That Section 12at of said ordinance be amended so as to reclassify certain property from an R-2 district to a C-1 district, which property is Lots 7 and 8, Block 4, $75 Homestead Tract, Colma; in order to allow commercial uses.

NOTICE IS HEREBY FURTHER GIVEN: that said commission has set certain times and places for public hearings on said proposed amendment, at which times and places any and all persons interested in said proposed amendment may appear and be heard thereon, which times and places are as follows:

At the hour of 2:00 P. M. on the 21st day of December, 1945, in the Supervisors' Chambers at the Court House, Redwood City, California.

At the hour of 2:00 P. M. on the 18th day of January, 1946, in the Supervisors' Chambers at the Court House, Redwood City, California.

FRANK S. SKILLMAN,
Secretary, County Planning Commission, County of San Mateo, State of California.

(Pub: Dec. 6, 1945.)

## SUMMONS

No. 39747
Department No. 1

In the Superior Court of the State of California, in and for the County of San Mateo.

WILLIAM F. HELBING, III, Plaintiff, vs. JOSEPHINE M. HELBING, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

The People of the State of California Send Greetings to: JOSEPHINE M. HELBING Defendant. You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 3rd day of December, A. D. 1945.

(Seal) W. H. AUGUSTUS, Clerk.
By ANNA MAES, Deputy Clerk.

JOSEPH F. O'MALLEY, Attorney at Law, 1205 Burlingame Ave., Burlingame Calif., Attorney for Plaintiff.

(Pub: Dec. 6, 1945 to Feb. 7, 1946.)

**Helps Dusting**

To facilitate dusting, two cloths placed in a jar may be used. These should be treated by taking a tablespoon of furniture polish and putting it in the jar, then turning the jar in the hand until the inside surface is coated, and then placing two moistened dust cloths in the jar. With two cloths, both hands can be used to do the job. One homemaker has a jar concealed in a drawer in every room in her house so that the cloths are always within reach.

**Fire Every 15 Minutes**

A farm home or farm building catches fire every 15 minutes during the day in the United States, and the cost of these farm fires totals around a quarter of a million dollars each day, reports the U. S. department of agriculture.

# Arthur R. Haskins Released On Bail

Arthur R. Haskins, 60, proprietor of the Golden West Auto Court here in Daly City, was arrested Wednesday, by Acting Chief of Police Bolger and Officer Petrocchi, on a warrant, signed by Superior Judge Cotton, charging Haskins with contributing to the delinquency of minors.

According to advice from the district attorney's office on Thursday morning, Haskins was later released on bail. His hearing has not yet been scheduled.

**Sprayed 'Raincoat'**

A modern method of protecting warplanes is by spraying a protective coating which dries into a paper thin black "raincoat," sealing the plane against moisture so that it may be lashed to the deck of a ship without crating and transported overseas to a theater of war. The coating is said to withstand temperatures of 180 degrees above and 30 below zero. Three or four men can peel off the coating in half an hour. The peelings are salvaged, shipped back to the United States for further use.

**Training Station**

The hundreds of buildings that comprise the great U. S. Naval Training station in northern Idaho are scattered over an area of more than 30 square miles and are connected by approximately 57 miles of streets.

ELECTRIC HEATERS are now available!

TO BUILD IN:

Is your bathroom cold and clammy as a marble vault? You can permanently remedy that now by installing one of the new full-length electric heaters in the wall. Then heat will come on at the snap of a switch. These new electric heaters are becoming increasingly popular because they do such a thoroughly good heating job and do it economically. Give your family this comfort. They'll love you for it.

TO PLUG IN:

To take the chill out of a cold dressing room, corner room or den—just plug in one of the new quick-acting electric heaters. Here is instant, sunny-clean, safe and low cost heating service. These quality electric heaters are good-looking, safe, silent and dependable.

*Soon a fair supply of new quality-built electric heaters will be available. Drop in and see them at your favorite electrical dealer's store or when on display in the office of this company.*

"Me... I'm staying in the Army!

★

THERE ARE PLENTY OF REASONS... AND HERE THEY ARE!"

1 "First, I keep my present grade. That means a lot.

2 "By reenlisting for 3 years I can pick my own branch of service in the Air, Ground or Service Forces, and can go to any overseas theater I wish.

3 "I get my mustering-out pay, even though I'm reenlisting. Also, I get $50 a year reenlistment bonus for each year I've been in the Army. My dependents receive family allowances for the full term of my enlistment. And I'll be eligible for GI Bill of Rights benefits when I get out of the Army.

4 "My food, clothes, quarters, medical and dental care are all supplied to me. And I can learn any of 200 skills or trades in the Army schools.

5 "All of us who are reenlisting are going to have from 30 to 90 days' furlough *at home* with full pay and our travel paid both ways. And we'll have 30 days' furlough every year with pay.

6 "Any time after 20 years I can retire at half pay increasing year by year to three-quarters retirement pay after 30 years of service. And the time I've already served in active military or naval service counts toward my retirement time. *Added up—reenlistment seems pretty sound to me!*"

JANUARY 31, 1946
AN IMPORTANT DATE FOR MEN IN THE ARMY

MEN now in Army who reenlist before February 1 will be reenlisted in present grade. Men honorably discharged can reenlist within 20 days after discharge in grade held at time of discharge, provided they reenlist before February 1, 1946.

You may enlist AT ANY TIME for 1½, 2 or 3 year periods. (One-year enlistments for men now in the Army with at least 6 months of service.)

**Mark Insecticides**

Don't keep sodium fluoride or other household insecticides where foods are stored. Mark them distinctly to avoid such unhappy mistakes as using insect poison for baking powder, an accident more common than most people realize. When mixing or applying insecticides, take great care to keep ingredients out of the mouth and eyes. Keep the body well covered, and never spray or dust with legs or arms and shoulders bare. Wash face and hands thoroughly after using any insecticide, and carefully wash any clothing on which the poisons have been spilled.

# More Help Needed In Ambulance Corps

County Executive Frederick Peterson, known as the strongest proponent of the county-owned ambulance service, plans to ask the County Board of Supervisors at their next regular meeting for authorization in hiring additional men—four stewards. Money for their salaries during the next six months will have to come from the unbudgeted reserve funds of the county.

He will further request that next year's budget contain specific allotments for two additional ambulances. It is agreed that at least six ambulances will be imperative to fully serve the county emergency service needs.

As they stand now, the present emergency facilities are inadequate. Community hospital has only one table in its emergency ward; and when the need arises, the surgery department is pressed into service. Mills Memorial hospital has but two tables available at present.

With the proposed decentralization of this needed service will come the need for well-equipped sub-stations and emergency receiving facilities; possibly a central emergency hospital for the county.

The cost involved in the proposed system will naturally be high. Capital outlay last spring when the county purchased a second-hand ambulance and refitted its two others with two-way radio, hired men, and otherwise provided for the service approximated $20,000. Additional men will increase operating costs beyond the present cost approximately $1000 per month.

In the north end of the county, South San Francisco police make first calls upon the South San Francisco ambulance service. In the event that their vehicle is out of service or unavailable, the Daly City ambulance, manned chiefly by volunteers from the police and fire departments, is called into service.

Daly City relies upon its own ambulance service. The volunteer driver is reimbursed at the rate of $5 per trip by the county. Peterson states that these trips average between 10 and 20 per month.

He strongly insists that the county service is rounding out its rough edges and is proving its merit . . . that it is the best service yet provided in the county.

However, it is maintained that the cities are failing to give the service a fair chance to prove its worth. City police departments, unlike the California State Highway Patrol, are failing to route all their calls through SM 5-1611, the Community hospital phone number.

A complaint from the county's present five driver-attendants goes so far as to accuse some of the police departments in the county of holding out on accident information over police short-wave radio, in order to prevent county monitors from picking up the word that would start the county ambulances rolling to the scene of accidents.

The The drivers maintain a 24-hour watch over the short-wave radio and now roll to any accident, unless the latter is specifically noted as a property damage case involving no personal injuries. If the ambulance is not needed, it can be instantly ordered to return to the hospital by means of two-way radio contact.

**Water Cultivation**

Two methods of growing are practiced in hydroponics. In one the growing plants are suspended above a screened tank so that their roots dangle in the chemical solution. In the other the plant roots cling to gravel or cinder as a holding medium, and the solution is supplied periodically through the shallow-tank beds as sub-surface irrigation. The Ascension Island gardens, of the latter type, use black volcanic cinders as the holding medium.

**Wetting Shoes**

Use a minimum of water for shoes that take soap and water cleaning. Remember to wipe them with a damp cloth instead of dunking in a basin. Keep your drying shoes away from heat and sunlight, as both tend to harden and crack shoes.

**Picks Up Pins**

A small magnet is useful to pick up and hold pins when sewing. Pins can be taken off the magnet easily as needed, and are not so likely to scatter on the floor.

## Summons

No. 39620

In the Superior Court of the State of California, in and for the County of San Mateo.

LOUISA CHELONE and ALBERT BERNARDINI and LILLIAN BERNARDINI, his wife, Plaintiffs, vs. ALL PERSONS UNKNOWN, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiff's title thereto, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

ALL PERSONS UNKNOWN, claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto.

YOU AND EACH OF YOU are hereby directed to appear and answer the complaint of the above named plaintiffs, and each of them, on an action entitled as above brought against you in the Superior Court of the State of California in and for the County of San Mateo, within ten days after service on you of this Summons if served on you within said county; or within thirty days if served elsewhere.

The action is brought to determine the adverse claims to and clouds upon the following described pieces and parcels of land, each of them lying and being in the County of San Mateo, State of California, and more particularly described as follows, to-wit:

Parcel One, Count One of the Complaint:

Lots numbered five (5), six (6), seven (7) and eight (8) in Block 13, as per Maps of the Lands in the Clark Tract Homestead Association on file in the office of the County Recorder of San Mateo County, excepting therefrom the following portion thereof, to-wit:

Portion of lots numbered five (5), six (6), seven (7) and eight (8) in Block numbered thirteen (13) as shown on that certain map entitled "Clark Tract Homestead" which map was filed in the office of the County Recorder of San Mateo County on August 13, 1870 in Book 1 of Maps at page 10, described as:

BEGINNING at the point of intersection of the southerly line of "E" Street with the Westerly line of Clark Avenue; thence Westerly along said line of "E" Street 100 feet to the Westerly line of said Lot 5; thence Southerly along the Westerly line of Lot 5, 40 feet; thence Easterly parallel with said line of "E" Street 100 feet to said Westerly line of Clark Avenue; thence Northerly along said last named line 40 feet to the point of beginning.

Parcel Two, Count Two of the Complaint:

Portion of Lots numbered five (5), six (6), seven (7) and eight (8) in Block numbered thirteen (13) as shown on that certain Map entitled "Clark Tract Homestead" which map was filed in the office of the County Recorder of San Mateo County on August 13, 1870 in Book 1 of Maps at page 10, described as:

BEGINNING at the point of intersection of the Southerly line of "E" Street with the Westerly line of Clark Avenue; thence Westerly along said line of "E" Street 100 feet to the Westerly line of said Lot 5; thence Southerly along the Westerly line of lot 5, 40 feet; thence Easterly parallel with said line of "E" Street 100 feet to said Westerly line of Clark Avenue; thence Northerly along said last named line 40 feet to the point of beginning.

It is alleged in the First Count of the complaint filed in said cause that plaintiff Louisa Chelone claims that by herself or by herself and her predecessors in interest she has been and is in actual, exclusive and adverse possession of the real property described above under Parcel One, Count One, for 20 years prior to the filing of said complaint, and said Louisa Chelone claims to own the same in fee against the whole world and to have paid all taxes of every kind levied or assessed against the said property during the period of five years continuously next preceding the filing of the said complaint.

It is alleged in the Second Count of the complaint filed in said cause that the plaintiffs, Albert Bernardini and Lillian Bernardini, his wife, as joint tenants, by themselves or by themselves and their predecessors in interest they have been and now are in the actual, exclusive and adverse possession of the piece and parcel of land described above under Parcel Two, Count Two, for twenty years prior to the filing of the said complaint, claiming to own the same as point tenants in fee against the whole world and to have paid all taxes of every kind levied or assessed against said parcel of real property during the period of five years continuously next preceding the filing of the said complaint; and

You are hereby notified that unless you appear and answer as above required the said plaintiffs and each of them will take judgment for any money or damages demanded in the complaint, as arising upon contract, or will apply to the court for any other relief demanded in the complaint, including the quieting of the title of plaintiff Louisa Chelone in and to the real property described under Parcel One, Count One above, and the quieting title of the plaintiffs Albert Bernardini and Lillian Bernardini, his wife, as joint tenants, in and to the property described under Parcel Two, Count Two, above.

GIVEN under my hand and seal of the Superior Court of the County of San Mateo, State of California, this 16th day of November, 1945.

**Lightning Fatalities**

Lightning kills about 400 people each year in the United States—most of them on farms—according to the National Safety council. Records show that lightning accounts for 16 per cent of the accidental deaths on farms in Alabama and 6 per cent in Kansas, indicating that the danger varies from state to state, according to the prevalence of electrical storms.

## Scientists Make Blood Pressure Experiments Now

A clearer understanding of high blood pressure may result from preliminary rat experiments at the University of California by Dr. David M. Greenberg, professor of biochemistry, and Elizabeth M. Cuthbertson, medical student.

The experiments clear up to a degree the understanding of the effects of salt in the diet on high blood pressure. It has been known that a diet high in salt content is deleterious in cases of high blood pressure due to kidney disease. Until now the cause for the damage has been attributed to high intake of sodium, which is combined with chlorine as sadium chloride to make table salt.

The scientists' experiments indicate the damage may be done by chloride rather than sodium.

Rats deficient in chloride were found to utilize their food inefficiently and gained less weight per unit of food. It was found that the chloride-deficient rats have an increased amount of chloride in the heart, which indicates the deficiency causes an overworking of the heart. Deficiency of chloride was also shown to produce kidney damage.

The experiments were conducted with artificially radioactive elements produced in the atom-smashing cyclotron.

**We're cutting down our waiting list...every day**

Right now, throughout the Pacific Coast, we are installing thousands of telephones. Every day our waiting list is being cut down.

Our rate of progress in completing our unfilled orders is dependent upon the receipt of the necessary equipment from our manufacturers who are going ahead as rapidly as possible in reconverting from all-out war production to supplying our peacetime needs.

Still, it will take some time before we can provide service for everyone who wants it. Where the instrument itself is all that is needed, we are well on our way to take off the waiting list all such unfilled applications. But there are many places where we will have to build complicated switchboards . . . others where we will have to put up entire new buildings.

You may be certain, though, that your telephone *is* on the way and that we are doing everything humanly possible to hurry the day we bring it to you.

# News From The Grammar Schools

### Woodrow Wilson

Many interesting reports on the biographies of famous people were given by the students of room five this week.

The boys and girls of the sixth grade are making pictures and explanations for their booklet on transportation.

Pupils of room 14 are learning that many of the streets in San Francisco are named after the early Spanish explorers and missionaries. Some of the popular streets are as follows: Junipero Serro boulevard is in memory of Father Serra; Portola is in memory of the first governor of California; and Rivera was named for the first captain of the Presidio of San Francisco.

In room eight we are studying the structure and function of the eyes. We are learning how to care for and protect them.

How trade had its beginning and development through the ages is the first part of the new unit on "Trade" undertaken in room four. Primitive man, the ancient trader, the middle ages and trade during the colonial period are the phases being studied at the present time.

The boys and girls of room 12 have a live salamander in their room and are learning new things about how it lives and developes.

The students of room 15 listen to the CBS American School of the Air on Tuesdays. This past week the class heard music from "South of the Border" on the program.

### Crocker

Carley Carle and her family spent Thanksgiving day in Mountain View.

Barbara Jean Dennman, who formerly attended the Crocker school, came from Modera to spend the Thanksgiving weekend with the Marsh family.

Beverly Bruch is well enough to be in school this week.

The seventh grade will begin the study of Canada, our neighbor to the north. The study of southern neighbors was very interesting.

Lantern slides and stereographs on "Roads" ancient and modern were shown to the pupils of the low sixth grade during the social science period this week.

The high fifth is starting, this week, a new unit, "Telling Time Through the Ages."

### Jefferson

The third and fourth grades at Jefferson are very proud of their bond selling record. Thus far, $3037.50 has been raised with the Bocci, Carole Devencenze, and Richard Kappeler.

The fifth grade enjoyed a social studies film this week in connection with their unit of work on "Silk." The film told the story of silk from the spinning by the silkworm to the weaving of cloth by machine in the factory.

A dramatization, "A Bit of Orange Peel," was successfully presented by members of the sixth grade before their classmates. The cast included: "The Doctor," Nancy McCaffrey; "The Gardener," Sara True; "Peter Watson," Robert Giorni; "Mrs. Watson," Mary Louise Steinke; and "Mr. Watson," Teddy Welp.

### Clarence Hustons In Northwest Now

The former Miss Delfine Puricelli, now Mrs. Clarence Huston, left recently for Seattle, Washington, with her husband who not so long ago was honorably discharged from the United States Navy.

While in Washington they will visit Mr. Huston's family for a short time, and then plan to spend a week in Canada.

The young couple plan to return to California for Christmas holidays with Mrs. Huston's parents, Mr. and Mrs. Gus Puricelli.

# Bride-To-Be Is Honored By Group

Miss June Volkman was taken by complete surprise when she arrived at the Palace Hotel with a friend, expecting "tea for two," and instead was greeted by 26 friends who came to celebrate her coming marriage, in January, to Clifford Willey, who will soon return from the South Pacific.

The affair was given by her cousins, Muriel Mooney and Anita Pitcher on Saturday, November 24.

The table was decorated in a bridal theme; June was presented with a lovely corsage.

Del Courtney's music supplied a pleasing background to the occasion, and the bride-to-be was presented with many beautiful gifts.

Those in attendance were: Misses Betty Morris, Gloria Linden, Margueritte Martin, Marge Fuchs, Tina Carnegie, Mary, Helen, Emily, Margaret and Muriel Mooney; and Mesdames Albina, Alice, Beck, Ann, and Barbara Volkman; Anita and Lillian Wright; Selma and Helen Hartman; Elsie Fuchs, Dorothy Leonard, Claire Shawl, Grace Martin, Florence Mooney, and Anita Pitcher.

## Loreen Ann Wright Has Fourth Birthday

Loreen Ann Wright was recently feted at a special party on the occasion of her fourth birthday, at the home of her parents, Mr. and Mrs. C. H. Wright, 369 Knowles avenue.

Youngsters who were guests at the gala party included Cheryl Fistolera, Barbara Wester, Ellen and David Hebler, Linda McGowan, Karen Benedetti, Johanna and Arthur Hedvall, and Diane Artesories.

Mothers also present were Mrs. Alice Fistolera, Mrs. Mae Wester, Mrs. Dotty Hebler, Mrs. Irons, Mrs. Mary Hedvall, and Loreen's grandparents Mr. and Mrs. P. Firtolera.

**Farm Fatalities**

More farm people were killed by accidents in the first two years America was in the war than there were Americans killed in the war itself.

## Crocker School PTA Will Meet Tuesday

The executive board of the Crocker School Parent-Teacher association, will hold its next regular meeting on Tuesday, December 11, at the school. The meeting will open at 1:30 p. m.

The sewing circle met at the home of Ruth Morris this week to handle details connected with the coming bazaar. Luncheon was served.

## Royal Neighbors Enjoyed Whist Game

Twenty-three members of the Royal Neighbors of America, Vista Grande Camp No. 6035, were present at the home of Geraldine Allen on November 13, and enjoyed a delightful whist game followed by refreshments.

The sewing club will meet at Lillian Gray's home, at 81 Whittier, December 11.

## Newly-Weds Visit Relatives Here

Chief Gunner's Mate and Mrs. Robert W. Kreutzberg were dinner guests at the home of Mrs. Pete Dormoy, 40 Mission Circle, last weekend. Mr. and Mrs. Kreutzberg, sr., were also present to enjoy the family gathering.

The new Mrs. Kreutzberg is the former Elizabeth McBain. Bob served five years in the U. S. Navy, returning from four year's duty overseas on Navy Day, October 27. He and Elizabeth were married on Armistice Day, November 11.

# NOTES FROM JEFF HI

By Hazel Hendrickson

**Red Cross**

Junior Red Cross enrollment at Jeff is again 100 per cent. The total amount, $67.05, to which each of you contributed, will be spent in some helpful way in the near future. Your small donation means little when it stands alone; but after it has been added to the school's sum, it is enough to help many. First to be 100 per cent on the day of the campaign was Mrs. Schettler's first period 3b English class.

**Entertainment Committee**

The entertainment committee has decided to initiate new members. Plans were made at yesterday's meeting for the ceremonies on December 12, which will consist of an assembly full of ordeals for the newcomers. The old members are not disclosing their plans, but they promise something different in Jefferson initiations.

**Major Orville B. Ross Speaker In Assembly**

Major O. B. Ross, 30-year-old Kansan with 27 months' service in the European theater of operations, is one of the speakers furnished by the Fourth Air Force for the Victory Loan Drive.

Major Ross has been in the AAF since June 22, 1940, and was the nineteenth bombardier to be trained for World War II.

Overseas he flew 15 missions and then went to headquarters of the 14th bomb wing of the Eighth Air Force where his skill as a bombardier was put to a new analysis for the wing.

Wing headquarters of the 14th was at Burry St. Edmunds, in England, just 20 miles from Cambridge.

Major Ross was graduated from Kansas State Teachers College at Emporia, Kansas, and entered service the same year. His father is retired and lives at Peabody, Kausas, and a brother, Chaplain Ivan C. Ross, is now returning to civilian life after service in the South Pacific.

While in the ETO, Major Ross won several decorations. They were: the Distinguished Flying Cross, the Bronze Star, the Air Medal with one cluster, the ETO ribbon with six battle stars, and the French Croix de Guerre with the gold star.

When Major Ross was returned to the United States last August, after V-E Day, he applied for duty at Okinawa, and was assigned to McChord Field, Washington, where units were being formed for shipment. The sudden end of the Japanese conflict brought about a change in his orders.

Major Ross plans to remain in the peacetime AAF.

**Introducing Stamp And Bond Captains**

Introducing stamp and bond captains in period one rooms, Tuesday:

Louis Merlo, Rm. 7, John Antenisia, Rm. 4; June Peterson, Rm. 27; Wilma Cassasa, gym; Richard Walker, Rm. 34; Angie Attonell, Lib; Louis De Salvatore, Rm. 10; Helen Plate, Band; Bob Lynch, Rm. 3; Diane Rigler, Craft; Chuck Christian, Rm. 30; Claire Malloy, Rm. 14, assisted by Marie Horkey.

June Prescott, Rm. 32; Paul Wilbanks, Rm. 27; Alma Becker, Rm. 15; Betty Pistohl, Rm. 11; Theresa De Leon, Rm. 23; Florence Hannah, Rm. 19; Angelo Craviotto, Rm. 28; Lorelei Gamba, Rm. 12; Jeannett Ramer, Rm. 17; Mary Shackelford, Rm. 29; Walter Shannon, Rm. 32; Alice D'Isep, Rm. 31; Richard Vaughn, Shop.

**Clubs and Departments**

On Monday, November 5, a latin club was formed in room 10. The name of this club is "Inter Nos," which means "Among Ourselves."

The motto of the club is "No Est Vivere Sed Valere Vita," (Life is not mere existence but accomplishment). The club elected the following to office for one semester: President, Beth Calvin; Secretary, Rosemarie Attensia; and program chairman, Cristobel Holcomb.

**Spanish Club**

Among the newest of Jefferson clubs, the Spanish students seem to have formed the largest one. chosen its higher graded students: For officers this new society has Philip Morales is president; Frank Torkelson, vice-president; Janet Petersen, secretary; Florence Hannah, treasurer.

**C. S. F.**

In December, the C. S. F. visited the University of California campus to explore its grounds, the Co-op, and one of its newer dormitories. The group then attended the UC vs. St. Mary's Pre-Flight game.

**J. N. S.**

At the last meeting of the JNS the members decided to go bowling on December 6. They visited the aquarium on Sunday, December 2. They were guided by a staff member through the entire building.

**South City vs. Jefferson**

Turkey Day, November 22, brought muddy saddle shoes, sore tonsils, Jeff's Indians, South City's Warriors, mothers, fathers, fans and friends to the South San Francisco Stadium. There behind the South City High School, they all assembled for the 10:30 kickoff of the Big-Little game of the P.A.L. — Jefferson versus South San Francisco.

As the climax of a week of arduous practice the Indians were in the best possible condition. Although South City was favored, our pigskin passing pagans felt the game should and would end in victory for the Purple and Gold.

Walt Moro of the Blue and White opened the game by booting the pigskin into the backfield, where Harold Tikkanen snagged it and ran it back to the 15 yard line. South City defense frustrated Jeff's attempt for a first down. The Indians booted into the wind, and South City ran the punt back to Jeff's 25-yard-line. After failing to complete two passes, the Warriors completed one, to the three-yard-line.

The next play powered over the right side of the line and into pay dirt. The try for the extra point was completed, making the score 7-0, favoring the Warriors.

Angered by this early touchdown, Jefferson proceeded to even things up in the second quarter. The aerial circus began one of its best performances of the season. Tikkanan's passes to Plyer, Seiler, Tromborg and Mossi, carried the ball to South City's 20-yard-line. Harold Tikkenan then took the ball on a fake line buck, leaping into the air just as he reached the line of scrimmage. He flipped the ball into the waiting hands of Al Seiler who transported it into the end zone. Bob Plyer scored the extra point on a fake kick, and the score was tied, 7-7.

Another spirited Jeff drive ended on South City's 12-yard-line as the gun sounded, ending the first half.

Two very determined teams took the field at the beginning of the second half. Both teams did their utmost to break the deadlock. Brilliant defensive line playing by both teams stopped all scoring threats. It was in this quarter that Richard Morgan, guard and center, one of the mainstays of Jeff's hard-charging line, was seriously injured. He was rushed to the emergency hospital for treatment of a gash above his left eye.

At the end of the third quarter, the frequent use of South City's able reserves began to tell. Jeff's regulars were consistently pounded by the comparatively fresh teams all during the last half of the game.

The Indians were so exhausted in the fourth quarter that they could not threaten the Warriors offensively. Defensively they held stubbornly until the last few minutes of play, when South City threw long passes over the heads of the jaded backfield and copped two touchdowns.

So ended the greatest game of Jeff's 1945 season. They played hard football and lost to a better, smarter team.

The final score was South San Francisco 20, Jefferson 7.

## Rent Office In Burlingame Moves

The OPA Rent Control office in Burlingame, previously located at 1350 Howard avenue, was moved on December 3 to 1201 Howard avenue. The present phone numbers will not be changed.

All of San Mateo county comprises the area of rent control under the jurisdiction of the Burlingame office. Mrs. Florence Watson is the local manager.

## California Leads In Federal Employes

California leads all other states in the greatest number of federal employees, according to Postwar California, monthly digest of information published by the Bureau of Public Administration on the Berkeley campus of the University of California in cooperation with the California State Reconstruction and Reemployment commission.

In April of this year, 313,400 federal workers were employed in the state. New York was second with 297,800. Both California and New York outnumbered Washington, D. C., which had only 256,300.

Arsenals, navy yards, ordnance depots, airfields, and training camps of War and Navy departments account for a major proportion of the total federal employment, the digest points out, adding that in California war agencies account for 86 per cent of federal employment.

## William Preciada Is "Indestructible"

Pearl Harbor, TH: (Delayed)—William Preciado, motor machinist mate third class, USN, of 47 Willits street, Daly City, proved to be one of the indestructibles aboard an indestructible cargo ship of the U. S. Pacific Fleet, newly released records of the Navy now reveal.

His vessel, the USS Formalhaut, attached to the huge service force, did what has been described as a "superlative job" in supplying bombardment and antiaircraft ammunition to battlecraft engaged in supporting invasion troops at Guadalcanal, Bougainville, Saipan and Okinawa.

His ship came closest to death one night when a Jap bomber pilot dropped three eggs so close they sprayed water over the bridge.

There were a few other close calls, including a hide-and-go-seek skirmish with a Jap task force during the first battle of the Savo Islands in the Solomons group.

**Fatality Causes**

Gasoline, kerosene and other petroleum products are among the main causes of loss of life on farms and rank high among causes of property loss in farm fires.

## Pete Pastorinos Announce Birth Of Son Last Week

Mr. and Mrs. Pete Pastorino, 99 Theta avenue, are announcing the birth of a son on November 27.

Mrs. Pastorino is the daughter of the late Mr. and Mrs. Fred Lucia, pioneers of Daly City.

The baby weighed 7 pounds, 4 ounces. He has been named Lawrence (Larry) Joseph Pastorino. Mother and baby expect to be home this coming Sunday. Both are doing nicely at Mills Memorial hospital, San Mateo.

## Nazarene Children Have Own Church

Thirty children enjoyed the first services of the children's church, conducted at the Nazarene church, Santa Barbara and Vista Grande avenues, on Sunday, December 2.

A missionary story about Mexico was presented by Mrs. Elsie Hosea, who will have charge of the Missionary Sunday once each month. Other leaders of this new project are Mrs. Grace Wheeler, and Mrs. Lucile Lemon.

Ushers for the month of December are Neil Edwards and Brower Dimond. Other officers will be voted on Friday afternoon, when the children meet at the church to work on Christmas decorations to be used in their meeting room during the holidays.

Any child between the ages of six and 12 is cordially invited to attend the services at Nazarene church at 11 a. m. Sundays.

**Falls Accident Cause**

Two-fifths of the total farm accidents in 1943 occurred in the home. Falls head the list of causes.

## Christmas Party For Mothers' Club

The Mothers' club of Our Lady of Perpetual Help school will hold their regular meeting on Friday, December 14, at 8 p. m. in the school rooms.

After the meeting there will be a social, featuring refreshments and an exchange of Christmas gifts.

**Farm Fires**

One in 37 farms had a disastrous experience with fire in the five-year period 1936-40.

## Christmas Club Checks Mailed To Members Here

Approximately 100,000 checks, aggregating $9,500,000 have just been mailed to members of Bank of America's Christmas Club throughout California.

In Daly City, checks totaling $46,000 were mailed, according to Messrs Erickson and Ferrari of the local branches.

# Latest Reports On Hunting And Fishing Conditions

Current hunting and fishing conditions as compiled by the Outing Department of the National Automobile club:

Del Norte county—Fishermen have taken a few steelhead along the lower tributaries of the Smith river recently, but the main branch has been too muddy for good fishing. There are only a few quail in this area. Duck shooting has been poor.

Trinity county—Slow steelhead fishing has been reported in the Trinity river recently. The steelhead are in the tributary streams waiting for their spawn to mature.

Modoc county—Large numbers of snow geese have been noted in this area in the swamp land.

Lassen county — Quail hunting is fair.

Plumas county—Duck hunters report seeing many ducks from the highway, but find then scarce in the Indian valley.

Tehama county — Steelhead fishing has slowed up some here.

Butte county—Steelhead fishermen report fine fishing in the Sacramento river, Deer and Mill creeks.

Sonoma county—Quail hunters report fair numbers of birds in this area. Muddy waters are holding up steelhead fishing, though both salmon and steelhead are running in the Russian river.

Napa county—Good duck shooting around Sears Point in the bay has been reported by hunters returning from that area.

Marin county—Some steelhead in White House Pool. Large drifts of ducks are reported off shore in San Pablo Bay, but the hunting is poor.

Contra Costa county — Duck hunters have been disappointed in the shooting in this area. Bass fishing is only fair.

Sacramento county—Better luck is reported for striped bass fishing recently. Pheasant and quail are scarce.

San Joaquin county—The Stockton office of the National Automobile club reports that fishing for salmon is good at the mouth of the Noyo river; steelhead fishing is good at the mouth of the Navarro river; salmon fishing is good at the mouth of the Ten Mile river, (This is north of Fort Brag); and that all fishing in the Eel river is poor, due to high water.

Tuolumne county—The salmon run was at its peak over the weekend. Good fishing was reported on the Stanislaus river. Quail are scarce.

Mono county—Ducks and quail are scarce in this area.

Fresno county — Duck hunting on Tulare Lake is poor. Quail shooting is also poor. Geese are expected to come in about December 1.

Santa Barbara county — The quail outlook is fair. Pigeon outlook is poor. Duck hunters report poor shooting.

# $10,200 Voted For Bacteria Studies

The American Petroleum Institute recently voted $10,200 to continue research at the La Jolla campus of the University of California on the ways in which marine bacteria contribute to the origin of oil, its transformation, accumulation and recovery.

This research is under the direction of Prof. Claude E. ZoBell, associate professor of marine microbiology at the Scripps Institution of Oceanography.

He says there is increasing scientific evidence that organic matter, the remains of plants and animals, is being converted into an oil-like substance in certain shallow ocean basins off the southern California Coast. Such bacteria resembles those recovered from oil wells and many provide cludes for location of new petroleum deposits.

## How to cook steaks, chops and roasts

Certain basic rules should be followed in the cooking of steaks, chops and roasts to arrive at full flavor and tenderness. The broiling and roasting times listed below will be a quick and easy reference pasted in your scrap book of recipes.

**BROILING — DIRECT HEAT**

Steaks and chops should be 1-inch thick or thicker for broiling. Place meat 2 to 3 inches from heat. Brown one side of meat then turn, by inserting fork into fat, and brown the other side. About half of broiling time is required for each side, reducing heat to complete cooking after turning and browning. Season meat after browning or just before serving.

**BROILING STEAKS AND CHOPS**

*Steak 1½ inches thick:*
15 minutes—rare
20 minutes—medium
25 minutes—well-done

*Lamb chops 1 inch thick:*
12 - 20 minutes

*Lamb chops 2 inches thick:*
20 - 30 minutes

*Pan-Broiling*

Slightly grease heavy frying pan and heat to sizzling-hot. Brown meat well, about 1 minute, on both sides then reduce temperature. Turn meat at intervals and continue cooking until done. Pour off fat, as it accumulates. Do not cover pan. Do not add water.

**ROASTING — DRY HEAT**

A meat thermometer is an accurate guide for roasting tender cuts of meat. Roasts should be served as quickly as possible after removing from the oven for the desired degree of doneness, otherwise, since the cooking process continues, the meat may be overdone.

Place roast on a rack or trivet fat side up in a pan 2 inches deep or less, *uncovered*. (Place rib roast on ribs, fat side up, without rack.) Season meat if desired—flouring not necessary. Do not baste or turn meat.

**ROASTING TIMES AND TEMPERATURES**

300° F. to 350° F. *constant temperature.* (Increase roasting time approximately 10 minutes per pound for rolled or boned roasts.)

*Beef:*
22 to 25 minutes per lb.—rare
28 minutes per lb.—medium
30 to 32 minutes per lb.—well-done

*Lamb:*
30 to 35 minutes per lb.—medium
35 to 40 minutes per lb.—well-done

*Pork:*
40 to 45 minutes per lb.—well-done

*Veal:*
40 to 45 minutes per lb.—well-done

*Safeway*
*Homemakers' Bureau*

# General Pershing Parent-Teachers December Meeting

The regular meeting of the General Pershing School PTA executive board was held at the home of Frances Phillips, November 28, at 1:30 p. m.

Plans were made at that time for the annual Christmas party for the students on December 21.

Loretta Bauer was recommended as vice-president to fill the unexpired term of Edna Eichinger, resigned.

The date of the next regular meeting has been advanced to December 19 due to the Christmas holidays. It will be held at the home of Louise Eliasen, 123 Winchester street.

NEW B. F. GOODRICH TIRE
THAT OUTWEARS PREWAR TIRES

THIS isn't a guess. A new kind of tire has been developed, and tests show that *it outwears prewar passenger car tires.*

It is made of a new kind of synthetic rubber developed by B. F. Goodrich—different from the ordinary synthetic rubber in general use by the tire industry. It helps the new tire run cooler—wear better.

The new tire has had more than 2,000 laboratory tests. Taxicab fleets, state police departments and the B. F. Goodrich test fleet have run it 16,800,000 test miles. Not only does it give longer tread wear than prewar tires, but it has more resistance to bruising or damage from accident.

A new, slightly different shaped tread—we call it the "road level" tread—is another feature that means longer wear. Engineers had wished for years to make a tread just slightly flatter. But that more desirable shape always set up strains in the tire body, or "carcass," as it is called. B. F. Goodrich developed an entirely new and stronger cotton cord, designed it into a 35% stronger carcass that stands all these strains and permits the use of the new flatter, longer-wearing tread.

The tread design is new. It is made up of hundreds of skid-resisting curves for quicker stops, surer starts—safer driving.

In a few weeks these new tires will begin to be produced in large volume, but supplies may be limited for quite a while. We have placed our order, and hope to have our shipment shortly. Watch for our announcement. And in the meantime, take good care of the tires you have—make them last until you can replace them with these new, better B. F. Goodrich Silvertowns.

## Dairy Production May Top Demand

The United States may have more butter and milk than it can use when the armed forces are cut and present foreign relief requirements reduced, according to S. W. Mead, associate professor of animal husbandry on the Davis campus of the University of California.

Present production is above any demand evidenced before 1941, says the College of Agriculture specialist, and although the increased use of milk products in new fields may offset some of the market loss it seems certain that dairy products prices will fall when normal demand is again the determining factor.

Under such conditions, Mead says, only the most efficient operators will survive. He urged dairymen to start now improving their herds' bloodlines for increased output and institute proved management and feeding practices in their own dairies.

## Inflation Can Be Avoided Here

The United States' present public debt, banking and currency situation is similar to that of France following World War I which led to drastic inflation and depreciation of the franc, says Dr. Benjamin M. Anderson, professor of economics on the Los Angeles campus of the University of California.

He points out that the Treasury Department's low interest rate and borrowing policies are major factors leading to unavoidable and ruinous inflation. He says that a "pathological" credit condition is fostered because the national debt is largely unfunded and held excessively by the banks and because interest rates are kept artificially low.

"We can avoid inflation if we act promptly," Dr. Anderson warns, "but not, I believe, unless we do act promptly."

He recommends a four-point program to check inflationary tendencies: (1) government bonds be refunded at higher interest rates, (2) drastic federal economies be adopted, (3) price controls be removed, and (4) all inflationary money and credit policies cease.

**Eau de Cologne**

Eau de Cologne was first made in the Rhine city more than two centuries ago by the Farina family, following an Italian formula. The original formula has been altered from time to time. More than a century ago young ladies in the United States could brew their own cologne.
